

# Stanton Community Schools Foundation

November 2020

Hopefully our annual letter finds you in good spirits and good health as you anticipate the upcoming holiday season.

The Foundation would like to congratulate Foundation member **J.B. Eberly** for receiving the Distinguished Alumni Award in May of 2020. J.B. joins elite company, as former Foundation member and donor **Arllys Hansen** was the recipient of this award in 2019, and **Ken** and the late **Bev Pohlman** in 2018.

This past year, the Foundation contributed to a variety of projects. Due to the generosity of donors, the Foundation was able to:

- Purchase new choir robes-\$3,455
- Purchase new touch screen display in commons area-\$15,200
- Purchase donor board-\$3,987
- Purchase 4 interactive classroom display units-\$15,776
- Award 24 Scholarships to the 2020 Class Totaling \$21,200
- Contribute \$1,000 toward the purchase of football capes

Alumni **Ken Pohlman** has again been so generous to our school. He has committed to donating \$25,000 to the Foundation this year. This generous donation will help fund more scholarships and pay for more interactive classroom display units. Thank you, Ken and the Pohlman family!

With the Holiday season quickly approaching, the Foundation would like to invite all patrons to donate a charitable gift. Regarding any project donors would like to support, the donors can simply write on the check's "memo" line what their **tax-deductible** donation is intended to fund. Each donation is guaranteed to only fund what the donor indicates. If nothing is written on the memo line, the Foundation's board will determine how the donation is spent. For your convenience, a listing of academic, activity and athletic departments is listed in this letter.

All donations are appreciated! Please consider the Foundation when choosing your donation opportunities this Holiday Season. Also, please consider Stanton Community Schools in your estate planning.

Finally, the members of the Foundation thank each and every one of you. We are so blessed to belong to a community that believes in investing in our youth. We welcome any contributions that you can make.

- Foundation Suggestion: Scholarship Fund, interactive classroom display units

The Stanton Community Foundation is now in its 33rd year. The Foundation is a **501(c) (3)** organization that came into existence to assist Stanton Community Schools with providing a quality education to all students. It provides the school a way with raising money through tax deductible donations to establish scholarships, update technology, and fund projects for the school.
